VISIT OF FATHER BERNARD PLANCHE

On Saturday March 5, 2022, Father Bernard Planche, Ecclesiastical Counsellor of the French Embassy to the Holy See, visited the Community of the Generalate. His visit was not that of a tourist but that of a believer, a priest, a servant of Jesus, an Ecclesiastical Counsellor of the French Embassy to the Holy See. He was the Parish Priest of the Cathedral of Le Puy-en-Velay (Haute-Loire), and on September 01, 2020, he joined the Villa Bonaparte, in Rome, to succeed Father Michel Cacaud.

During his interview with the Brothers, Father Bernard Planche explained his mission. He spoke about the function of the Ecclesiastical Counsellor, a relatively rare figure since there are only two in French Diplomacy: one in the Jerusalem Consulate and the other in the Embassy to the Holy See. In Rome, few other embassies to the Holy See have such a full-time counsellor.

The role of the Ecclesiastical Counsellor, Father Bernard explained, is to follow the activities of the Holy See, the addresses, the initiatives and the publications of the Pope, and the news of the Catholic Church in the world and in France, in order to facilitate understanding by the State Services and thus avoid misunderstandings. The Embassy is also involved in the appointment of the Bishops of Strasbourg and Metz.

An aperitif and a fraternal meal followed this very enriching exchange during which the Brothers were made aware of the mission of an Ecclesiastical Counsellor, namely, to act as a "bridge" between the French Republic and the smallest city State in the World, the Holy See.

VISIT OF FATHER MARAMREDDY MARIA JOSEPH REDDY

On Sunday March 13, 2022, the Community of the General House had the joy of welcoming Father Maramreddy Maria Joseph Reddy, a former Student of Bro. John Kallarackal, Superior General. Father Maramreddy is newly appointed Secretary at the Apostolic Nunciature in Ukraine, a Country ruined by the present War. This was a special occasion for the Brothers of the Casa Generalizia to express their prayerful communion to Father Maramreddy Maria Joseph Reddy whose Mission will not be easy and to wish him a fruitful mission to the Ukrainian people.

During his speech, Father Maramreddy Maria Joseph Reddy first expressed his gratitude to Bro. John Kallarackal, an exceptional Educator, who is well known for his guidance, kindness and care for all. Another way of saying how much Bro. John contributed to his human, religious and intellectual Formation.

He extended his thanks to the Brothers of the General House for the warm welcome he received, the encouragement and the wishes for a fruitful mission in Ukraine. A fraternal meal concluded this beautiful visit.

ANNUAL MEETING OF THE THREE (3) CENTRAL ADMINISTRATIONS

For many years now, an annual meeting of the three (3) Central Administrations of the Montfortian Family has been organised in order to share the different events and experiences that rhythm the life of each Congregation. This meeting is also a way of consolidating the fraternal relations, the collaboration and the communion between the different Entities.

After the 2020 and 2021 editions held online due to the coronavirus pandemic, we were able to hold this year's meeting in presence, at the General House of the Brothers of St. Gabriel from March 24 to March 25, 2022.

The day of 24th March 2022, animated by the Superior General, gave each Congregation the opportunity to share its key elements of progress achieved, the qualitative and quantitative evolution of its varied ministries, the challenges being faced and the attempts made to respond to them. Some common projects for the Montfortian Family were pointed out: The future of La Maison Longue, the Celebration of the 75th Anniversary of the Canonisation of Father de Montfort on 20th July 2022, the 350th Anniversary of the birth of Louis Marie Grignion on 31st January 2023, and the FIM 2022 for the Francophone Group.

On Friday, March 25, 2022, the Montfortian Family celebrated its Patronal Feast of the Annunciation of the Lord with fervour. The Mass was presided over by Father Luiz Augusto Stefani. Following the dynamics of the Synod on Synodality, the celebrant invited each Superior General to share the fruit of his/her meditation on the Solemnity of the Annunciation of the Lord: God comes to man, the ability to listen to God's call, the generous response of man to God's call, the Incarnation of God in the realities of the world, the example of Mary, etc., formed the framework of the catechesis and the spiritual nourishment from which the participants at the Eucharist benefited.

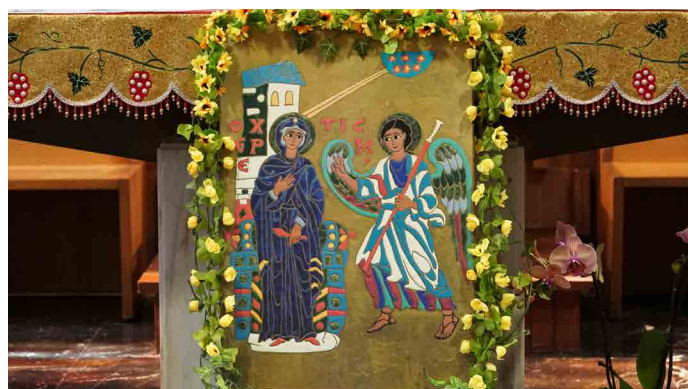

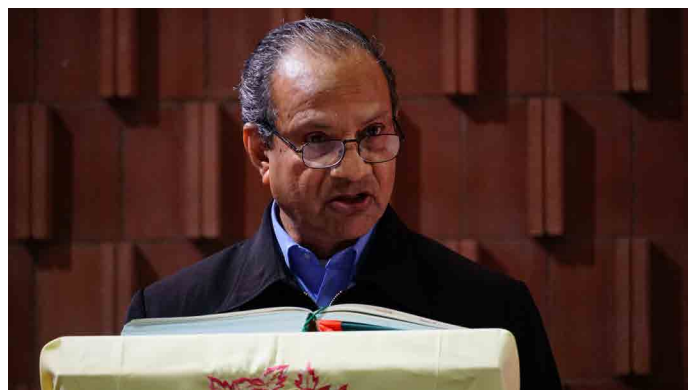

After the Mass, an aperitif was served, during which the Superior General expressed a special word of thanks to Bro. Georges Le Vern, on behalf of the Congregation and the whole Montfortian Family, who after the 22 Years of services at the Casa Generalizia, will return to France in May 2022. The presentation of a symbolic gift was done by the three Superiors General, after a touching message from

Bro. John Kallarackal, as a sign of our deep sense of appreciation, amidst a loud applause from all the participants present.

The day ended with a fraternal table fellowship.

We wish to present you a brief sketch of our mission in Sri Lanka. After all the preliminary studies and visits, the Provincial in council decided to start the mission in Sri Lanka. The Brothers along with the Provincial landed in the mission land in June 2017. We were looking for the land and finally located the present location to start the mission. It is located where most part of the war took place and entire economy was ruined, most people migrated leaving behind their property and possessions. We can still find the effects of war and the scars thereof. People still share the sad stories of the war. They could not revive their family bond, culture, economy. No development could take place thereafter, as the Government would not allow any sort of developmental activities. This region was kept under suppression for a period of 10 years. People underwent utter miseries in life. The unemployment, led people to the extent of indulging in social evils like theft, robbery, even murders. Later when the change of government took place, it gave a little opening for development, little access for education and there was little hope of survival for the people. The rigid rules and regulations imposed in this region were as little relaxed. People started looking up to educational institutions as their only means of future. But the financial difficulty was yet another hindrance

in the process.

At this juncture, we Brothers decided to start a mission in this region, where people were direly in need of education and above all, the Bishop of the diocese also was keenly interested in starting a school by the Brothers in this region mainly for the war-affected children of the Islands and an area which was most affected by 30 years of civil war.

The Brothers started the preliminary works. As expected there were a lot of difficulties in the beginning itself and it took a lot of time to clear everything and the issue with land was yet another factor which caused a lot of delay. Finally, it took 2 years to clear off everything. In the meantime, pandemic played its part to delay the project further. With all these difficulties we carried out the project with utmost commitment and it went steadily forward and with the support of the Administration, the Bishop and the Religious.

All infrastructures were set to start the school. It was blessed on 19th January 2022 by the local Bishop. The response from the public is very encouraging. People, religious and priests are very cordial and positive about our mission. They are edified by the way we move and organize things. We have even invitations from other Dioceses too. We have already set up a campus

that which gives a pleasant learning environment. Lot of trees have been planted and they are coming up to create a green campus. The learning system is on digital basis. This is a mission school and service-oriented and not for profit which is really a humane and, down to earth. The school is at its infant stage and therefore lot of hard work, continuous monitoring of things is a must. Cluny sisters collaborating with

itself has become a challenge to say it in short. Things are tough still we keep going entrusting ourselves to the Providence. Working amidst all these difficulties and challenges, our lives become more colourful and meaningful and the mission becomes enriched.

Against all these odds, we have started the school smoothly. Quite a number of Seminars and Inservice training programmes both online and offline were conducted to prepare the Teachers to meet the class room challenges and demands. The Bishop visits us very often extending his support and encouragement for us. Children come to school with lot of interest and enthusiasm. Parents too show lots of interest in educating the children. The Children look to be very bright and quick to pick up any learning. Sri Lanka is not very far from our mother land (India). Frequent visits of Brothers will certainly enrich our mission. Requesting your prayers for the mission in Sri Lanka.

us, are doing a wonderful service, fully involving and fully at it. Lot of work and services are done by them for the school and which they do cheerfully with a missionary spirit. The school has a lot of hope for the future. As we foresee, it should become self-sufficient in three years time. We don't expect a big flow of students at once, due to the massive migration during the war due to which the population is very scarce particularly in Islands. Currently the country is undergoing a lot of crises, already food emergency is declared a few months back. The prices of the essentials shoot up every day. The political situation has been very precarious and not in favour of people. We need to challenge many things, our simple life

INSTALLATION CEREMONY OF THE NEW PROVINCIAL ADMINISTRATION

Martin Luther once said “Everything that is done in the world is done by hope.” Hope is a small word but it is filled with amazing potentials. Perhaps that is why hope is called the parent of virtues. If there is anything that is not static it is change and it is an inevitable process of growth and maturation. Life is all about moving on, respecting changes and looking forward to what makes you stronger and more complete. Covid seems to be diminishing and larger part of life returning to near normalcy adapting to new life styles, better learning and stronger determination.

The month of March is well remembered for the feast of Annunciation, a day when the Church celebrates the transition from the old to the new. Importantly it symbolizes the coming of the new era, the age of grace, the coming of the Divine into this world to visit His people. The angel’s pronouncement is met with Mary’s willing consent – “Behold, I am the handmaid of the Lord” – and this positive response brings about the incarnation of Christ and the redemption of the world. The people who lived in darkness and dungeon awakened to hope and were promised a new life and a new beginning. Traditionally 25th of March was also marked as a red letter day for the Montfort Brothers as the day of religious commitment, which in time got lesser importance due to various reasons, yet still cherished by us as the day of Marian Consecration.

Once again 25th March (2022) dawned etched in golden letters as the newly appointed 12th Provincial Administration of the province with Bro. Thampy Alex at the helm and his team took charge officially. The ceremony was well organized with the Eucharistic celebration that was specially prepared for the event.

Fr. Davis, CMI, the Parish Priest of Poornodaya was the Main Celebrant, who beautifully brought out the role of Mary at the annunciation and the commitment bound by virtue at the core of the newly appointed leaders. The newly appointed Provincial Administration members are Bro. Thampy Alex, the Provincial Superior and the councilors are Bros. Mathew K. M., Jinu Abraham, Joy Thomas, Sunil Kumar Ekka and Edmond Soreng. Having accepted the mandate they consecrated themselves by making their promise to God, the Almighty to lead the province in the light of the Rule of Life and Constitutions that govern the Congregation.

The ceremony took place in the company of august guests in good attendance that included Brothers from Montfort Villa, St. Francis’ School, St. Montfort School, a couple of Brothers from Bangalore, Ambikapur, and some friends of the Brothers, a few well-wishers, and some invitees from neighbouring religious communities.

The newly appointed team of Provincial

Administration apparently young and vibrant looked buoyant to take the legacy of the Brothers forward with innovative leadership. Challenges for the new administration could be many, but firmly rooted in the illustrious history and at the same time open to the demands of changing times with an unconditioned response can be the hope of the futuristic authentic leadership. We firmly believe with a profound trust in God the Almighty and the blessings of our Founder St. Louis de Montfort and a child like confidence in Mother Mary who intercedes for us that no fear or uncertainty can dispirit us.

successor and wished him a graceful and fruitful time in office. He recalled with joy the time he spent in office as the Provincial and expressed his gratitude to God and to the Brothers for the memorable time and fraternal support he enjoyed during his mandate and urged the Brothers to continue to foster the missionary spirit as we march ahead under the leadership of the new Provincial team.

The short and sweet installation ceremony proceeded with appreciation, congratulations and felicitations of both the outgoing and incoming office bearers. The new Provincial Superior, Bro Thampy Alex addressed the gathering in an adequate manner, appreciative of the trust and confidence the Brothers and the higher authorities conferred on him. The words spoken spilled the message of animation, direction and collaborative administration in the service of apostolic life of the Brothers. He also expressed his firm hope to work with the new effervescent provincial councilors for the well-being of the Brothers, the growth of the Province and of the mission.

The significant day and the ceremony came to its conclusion with a sumptuous banquet for all present, with pleasant memories to cherish and good- byes. The fragrance of the occasion still lingering in the air most drove away to their destinations with a whisper on their lips, 'May God Almighty who entrusted you with this responsibility help you to accomplish it!'

Bro. James Ekka, the outgoing Provincial thanked Bro. Thampy Alex for accepting the mandate as his

RECOLLECTION & ORIENTATION PROGRAMME FOR THE NEW PROVINCIAL ADMINISTRATION

After the new Provincial administration of North East, India took charge on the 25th of March 2022, a two- day live-in session, was organized for the members of the team at Siloam, Barapani on 26th and 27th March 2022.

On the first day was spent in recollection and prayer. Fr. Gratian Carlos SJ, the resource person, invited the Brothers to go deeper in the Montfortian spirituality on the theme “Called to live in God with Our Brothers”. He said that our response consists in welcoming God’s love with the mindset of the poor, indulging in love and reconciliation, loving like Jesus Christ, offering our life to God for his glory, so that his Kingdom of love, justice and peace be revealed to the poor and the marginalized.

On the second day he spoke on authentic leadership and empowering communication that will positively influence and bring about change in people. He also helped the members of the team to understand the difference between dissonant needs and neutral needs and how to recognise and integrate dissonant needs so that they become means of growing in sanctity. He ended the day by giving some tips to be effective leaders so that the leaders of the Province could be like Christ for the glory of the Father in the Spirit by being a happy and joyful leader who is integrated.

The refreshing, motivating and informative sessions helped the members of the New Administration to equip themselves, be prepared to take up the responsibility of leadership and animate the Province of Northeast India, that is entrusted to their care.

The Provincial, Bro. Varghese Mandapathil, expressed his gratitude to Fr. Gratian Carlos SJ, the Resource Person, for accepting his invitation and for animating the two-day programme.

Fraternel greetings to each one of you.

In Canada in general, and in Quebec particularly, the months of February and March are months of atmospheric surprises. We have hot days that melt the snow on the flowerbeds but prepare lakes of slush at the corners of the streets... you have to be on your guard not to be watered... And there are the "potholes" that disappear under the water and make you lose hubcaps or even get punctures because you often damage the rim of the wheel. All these are signs that spring is on the way...

In March, it happens that we have some hot sun and impromptu storms: that of Saint-Joseph, of the crows, of the sugar, of... We can even invent some more!!! On February 25, 2022, our visitors of the Montfortian family: the Superior General and his Vicar, had a taste of it. They were invited to share a meal with us. The driver, newly promoted Vice-Provincial of Canada, got lost, maybe, in his civic numbers. At the time of the aperitif, he was struggling in the streets full of snow and the squalls in the East of the city of Montreal whilst the Provincial House is in the Centre-North. They were late for lunch, but laughter burst out and everybody was happy to share some good news.

However, the meeting was overshadowed by the sad news of the demise, at the De La Salle Residence, of bishop Gérard Deschamps, Emeritus of Bereina (Papua New Guinea). Thanks to all for the visit.

A few days earlier, on February 22, Bishop Gilles Côté and Fr. Sigouin, two Montfortian Missionaries had come for a meeting and a meal with us. We could hear quite a lot of stories by Missionaries from Papua and elsewhere. In the afternoon, both went to visit Bishop Deschamps and Fr. Bergeron, at the Residence De La Salle.

In the restructuring plan of the Province of Canada, the Brothers are regrouped in a few local communities. The Properties of Trois-Rivières, Saint-Bruno, Batiscan camp, and Lac Rose, have already been sold to other owners. Then, next July, it will be the turn of DE NORMANVILLE Residence in Montreal. There will be 4 Community Houses remaining in the Province: Saint-Lazare in Cap-de-la Madeleine; Garnier, Saint-Nicolas and the Provincial House in Montreal. Religious Members are aging and the concerns for the household maintenance must be less.

We had our Spring Recollection, on March 23, 2022. The theme completed the one of the first meeting held

Top Level Haitian Meeting between Mrs. Nathalie Grandoit, the cook, and Fr. Wismick, the Vicar.

Fr. Luiz Stefani, SMM, and the statue of Our Lady of Papua, a sculpture by Bro. Gilbert Goulet, BSG.

before Christmas which focused on ecology, care to the earth, our common home. This time, the theme was: AN OPEN HAND TO THE CRY OF THE POOR. It would have been easy to spend time, silently, studying, from a social point of view, our involvement with the poor, the forgotten, the homeless... NO! We wanted to centre our reflection on the Blessed Virgin Mary and her Magnificat, as we were on the eve of the Patronal Feast of the Institute. A few canticles and a video (*The Annunciation made to Mary*; <https://youtu.be/tuTwCQFK8BA>) helped to reflect, at length, to find words of the Magnificat that call or illustrate God's action towards the least, the poorer... Then we were requested to find out if, "in our personal life we know how to tread the path traced by Mary" then, to find out, what we can see in our context of life that echoes these paths. No wonder that the war in Ukraine, and the social rally for freedom in dealing with COVID-19 pandemic, have greatly contributed to focus on the words that have been chosen.

A Eucharist concluded the session before we celebrated, face-to-face, at last, the Feast of the Annunciation. We have strictly abided by the rules given by the Health Department, keeping the right

distance from one another, which did not prevent us from filling up our energies with an excellent meal.

There were also many birthdays of staff members which gave the opportunity for short meetings in the Local Community: the cook (Janine), the maintenance in charge (Christian), the Provincial Secretary (Sylvie), the Finance Secretary (Wensa), the Director of the Archives (Philippe)...

The next activities on the agenda of the Provincial Administration are the Provincial Chapter for the election of the Provincial Councillors; the Annual Retreat (9 to 13 May 2022); then, the preparation to host the International Session for the Revision of the Rule of Life along with the visit of the Central Administration, to be held in June; the transfers between the outgoing Provincial Superior and Councillors and the new Provincial Administration, on July 1, and many visitors to welcome. Let us hope that the 6th wave of COVID-19, will not disturb the whole schedule!!!

A REQUIEM MASS FOR THE DECEASED BROTHERS OF THE PROVINCE

“When the hour of death strikes and the moment of ultimate option has arrived, confirmed by the ever-renewed acceptance of the Lord's will, helped by Mary your Mother, and assisted by your Brothers, you will say: "Father, into your hands I commend my spirit". You will pass from death to life, vanguard of your Brothers and of the men you have led to God.” (RL. 83).

In addition to this Article of the Rule of Life, other provisions in the Constitutions and General Statutes request each Community to have a Mass celebrated when a Brother dies. For having a common way of action in the Province, the Provincial Superior in Council has decided to pay homage to the deceased Brothers of the Province once a year, during a common Requiem Mass. This provision does not overcome the suffrages for the deceased Brothers requested from each Community. It is just a matter of celebrating a Mass in a parish for the Brothers who have passed away, in a common spirit, united with the biological families of the deceased Brothers.

This year, the Community of Fatick hosted the event in the Parish of St. Joan of Arc. Initially scheduled

on January 8, 2022, this day of remembrance had to be postponed because of the funeral of Mrs. Cécile, the elder sister of Bro. Jean-Paul MBENGUE. This commemorative ceremony for our deceased Brothers was rescheduled on Saturday, February 19, at 10 a.m.

The day was organized according to the following program:

9:30 a.m. : *Rosary*

10 a.m. : *Mass*

11:30 a.m. : *Release of Bro. Henry Biram NDONG's book*

1 p.m. : *Lunch – Relaxation*

3:30 p.m. : *Final prayer – Departure of the delegations*

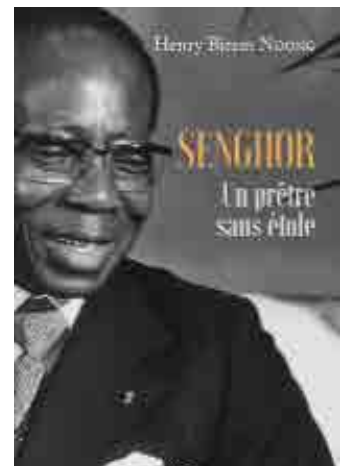

In addition to the Brothers of St. Gabriel of the Province, the delegations of the Institutions, we must place on record the presence of the biological families of our deceased Brothers. FORMATION SESSION

On Saturday, April 02, 2022, at Tivaouane Peul, the Brothers involved in the Province of Senegal, met for a formation session. The Province took advantage of the break of the second quarter to organize a formation session on the theme, “The Essential Conditions for the Involvement and Performance of Staff in Organizations.” It was the first Empowerment Session for the Brothers as part of a training module in the management of human resources offered by the Centre for Research and Studies for Development in Africa (CREDA). This first seminar was facilitated by Mr. Alioune Badara LY, a consultant and formator in Social Sciences and Chairman of CREDA.

The Session began with the presentation of the participants who expressed their expectations regarding the theme. The participants had to introduce themselves and present their expectations in a simple way. Then, the Facilitator explained the meaning of management, involvement, and performance. Management is a set of actions made by a person or a group of people within the framework of a structure

to get results. For an easy and quick understanding of management, just remember the acronym DOLE: D: Design – O: Organize – L: Lead – E: Evaluate.

Involvement means working as a team. It must lead to an active participation.

Performance means doing better in less time.

Then, the participants were invited to reflect, in groups, on the possible interactions within the internal and external environment of the organization, to fill in an organizational diagnosis and elaborate a table with the possible solutions. After sharing the findings and some information, in general Assembly, the formation session ended at 1 p.m. The next training Session is to take place on April 22, at Malika.

Sacred Heart Novitiate

Let Brotherly love, and joy be shared among us because sharing is the new beginning for all of us and to those who join in. I take it as great privilege to reunite with the events, which had taken place throughout this month.

On 3rd March the invitation was given by Salesians to take part on a friendly Football Match to enrich our virtuous relationship with them. The match was kicked off with a short prayer and hymn. Both the teams played well with their skills and scored 1-1. Indeed it was also favourable occasion for us to explore the new place.

The Annual -Prize Nite celebration of the Anglo Indian Hr. Sec School, Yercaud was held on 4th March. We were cordially invited to participate in this event and to make it a memorable one.

We had ten days of Ashram experience from 12th to 23rd March at Sachidanada Ashram, Shantivanam, Kulithalai, which belongs to Benedictines Fathers. We utilized our time in meditation, prayer and Yoga to discover oneself deeply and to seek God genuinely.

We all were guided constantly to maintain silence thus it led us to Indian spirituality to find peace, joy and love within and in the nature which comes from the Supreme Ruler of the universe. The priests over there had organized two sessions each day. Through these classes we acquired the knowledge which empowered and fostered us to know about one's life.

While returning to our community we paid a short visit to four communities at Manaparai of Trichy province namely: Montfort School CBSE, St. John's farm, Montfort Matric School, St. John's ITI, and St. Antony's Boys Town. At last we had a distant view of Malayadipatti Mountain it was a profound experience for all us.

The 4th community dialogue was held on 30th March, The sharing was on the experiences of our life at the Ashram.

PARTNERSHIP

SHARED MISSION PROVINCE OF SPAIN

2nd Meeting of Associates groups of Madrid and Barcelona

The second face-to-face meeting of Shared Mission Associates of the Province of Spain was held in Madrid and Barcelona on 12 and 19 February, respectively.

The theme dealt with was the special importance that Saint Louis Marie de Montfort attached to Baptism and the renewal of baptismal promises in his parish missions at the beginning of the 18th century.

In order to understand his missionary action and the importance he attached to this practice, we refer to the pastoral renewal movement of the 17th century. Father de Montfort was the bearer of the post-Council of Trent currents, but even if Saint Louis Marie was the heir of his illustrious predecessors in the mission, it seems that none of them received as vividly as he did the slogan of the necessary return to the meaning and demands of baptism in order to "renew the spirit of Christianity" among the faithful and in the

Church. This is shown by the solemnity with which he surrounded this act and, in particular, the signing of the "covenant contract" in his parish missions. For Montfort, baptism will not only be an important practice of the mission, but will become the ultimate goal of the whole mission. To this it must be added the innovation brought by our founder concerning the role of the Virgin Mary, the maternal bond of the Mother of Jesus with every baptized person to help him to be faithful to the commitments made to the Lord, her Son.

Father de Montfort was faithful to the Church and to the pastoral purpose promoted by the Tridentine Reform, faithful to the mandate received from Clement XI - who recommended him to teach Christian doctrine well in order to awaken the spirit of Christianity, through the renewal of the promises of baptism - but with his personal note, a more and a better inspired by his apostolic charism: that of illuminating fully

the role of Mary in the life of the baptised for a total fidelity to Jesus Christ.

At both the Madrid and Barcelona meetings, we reflected in small groups on the content of the Covenant contract and its expression; and on Mary's bond with every baptised person, with the reading of several numbers of The Treatise on True Devotion to Mary. We then shared, in a large group, all the ideas that had emerged. The topic was very much appreciated because it allowed us to get to know and get closer to St. Louis. And of course, we also

enjoyed a time of relaxed chatting over a delicious breakfast offered by the hosts of the school in Madrid and in the Provincial Curia in Barcelona, where the two meetings were held.

First meeting of the new International Commission for Partnership

The first meeting of the new International Partnership Commission, which was appointed in September 2021, was held online on 25th February 2022. This Commission will have to continue the work started by the previous one until the end of its mandate in September 2024.

This first meeting was an opportunity to evaluate the work done by the previous commission and to plan the work for the coming years. At the invitation of the General Council, the commission will particularly reflect and make suggestions on the next circular letter of our congregation which will focus on partnership.

Thanks are due to all the members of the commission

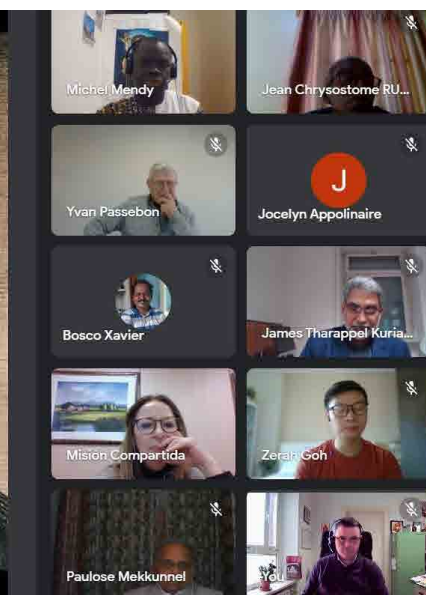

for their active participation and to Brother Michel Mendy for helping us with translation and interpreting work. During the meeting, the commission offered a special prayer for Brother George Pottakaran who was absent for health reasons.

The next meeting of the commission will take place in four months and for the time being, it will still be online due to the difficulties in travelling because of the pandemic.

Seigneur, bénis mon cœur
afin qu'il soit un temple de ton Esprit.
qu'il soit, comme Marie, notre Mère,
un refuge chaleureux pour les autres,
un oui pour servir et une porte vers l'espérance.
Mon Dieu, vous pouvez disposer de moi
avec ce que je suis et avec ce que j'ai.
Seigneur, sois avec nous sur notre chemin. Amen

Lord, bless my heart
that it may be a temple of your Spirit.
may it be, like Mary, our Mother,
a warm refuge for others,
a yes to serve and a door to hope.
My God, you can dispose of me,
with what I am and with what I have.
Lord, be with us on the way. Amen

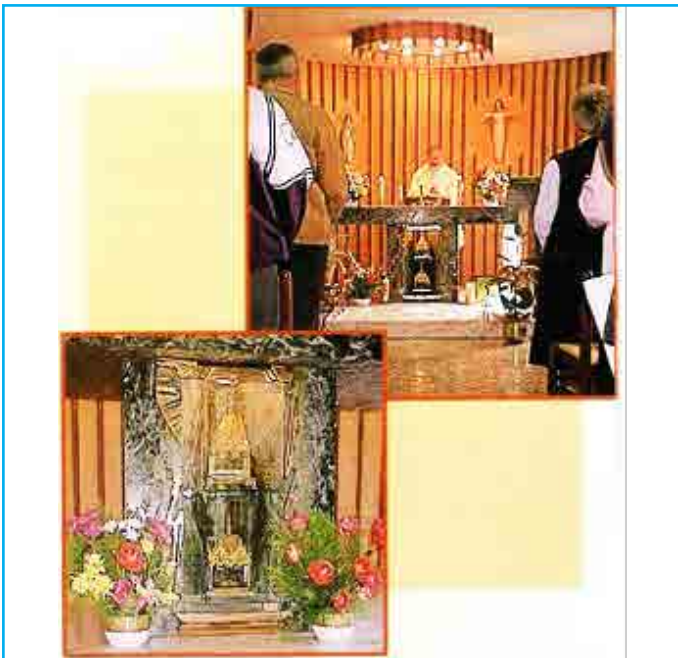

DEATH OF Fr. (DON) CARLO BESSONNET (1922-2022) **CHAPLAIN OF THE GENERAL HOUSE FROM 2000 TO 2010**

Don Carlo Bessonnet (1922-2022) priest from the diocese of Poitiers (France) was parish priest of the cathedral of La Storta (Rome) from 1956 to 1993. He was the Vicar General of the diocese of Porto-Santa Rufina, for many years. He had acquired the Italian Nationality.

In 2000, at the age of 78, during his retirement, he became Chaplain of the General House of the Brothers of St. Gabriel for 10 years. Many Brothers, as Members of the Community of the Generalate, have known him. Student Brothers, Capitulants, Brothers participating in Formation Sessions, in pilgrimages, etc., came to know him as well.

In 2010, when he was 88 years old, Don Carlo was welcomed by the Sisters Ancelle della Visitazione, in their Rest Home "Oasi Tabor" in Santa Marinella (Lazio): the Sisters watched over him admirably. He died on Easter Monday, April 18, 2022, at the dawn of his 100th Birthday.

March 26, 2001 – the Reliquaries of St. Louis-Marie and Blessed Marie-Louise of Jesus given to the Brothers of St. Gabriel on **September 29, 1997** by Fr. William Considine and Sr. Barbara O' Dea, are deposited in the large bronze Reliquary wanted and offered by Don Carlo Bessonnet. Fr. Bill Considine celebrates the Eucharist.

December 19, 2005 – Opening of the 30th General Chapter – Don Carlo Bessonnet, Chaplain of the General House, blessed the Statue of St. Louis Marie offered by the Brothers of the Province of Thailand.

We can see all the Members of the Central Administration: from left to right, Bros Pierre Girard, Robert Thiaw, René Delorme, Georges Le Vern, Fr. Don Carlo, Sirichai Fonseca, Paulose Mekkunnel and Camille Lucas.

Here is the testimony sent by Brother René Delorme, Superior General from 2000 to 2012, after the announcement of Don Carlo's death: "I keep the memory of Don Carlo as a man with a great heart, benevolent, generous, always ready to help. I appreciated the prayerful way in which he celebrated the Eucharist, his deep reflections on the Word of God, and his authentic testimony of life. He leaves us the memory of a holy man of God! Our Brother Camille Lucas had been well inspired when, in 2000, looking for a Chaplain for the Casa, he had contacted him. "Yesterday, at 9:00 a.m. (Quebec time), as we began our Provincial Council meeting, we joined all those who, at the same time (3:00 p.m., Roman time), paid him a last homage in the Cathedral of La Storta. »

Brother Camille Lucas gives this other testimony: "Don Carlo, although at the end of his life, did not take his mission as chaplain of the General House as a useful pastime for a retiree. On the contrary, he had a high idea of his mission and served it according to the pastoral rules which he knew to perfection...and this was the PASTORAL SERVICE of a General House. It really impressed me."

The **Community** of the Generalate **benefited liturgically from Don Carlo's interest and support.**
We owe him:

- The large bronze Reliquary dedicated to St. Louis-Marie and Blessed Marie-Louise, wanted and offered by him in 2000-2001. It is a valuable legacy,
- The purchase of several chasubles of different colors, for the celebration of the Eucharist,
- The purchase, in 2008, of new liturgical lectionaries, in Italian, for our Chapel, with the new translation requested by the Italian Bishops' Conference.

Grazie mille, Don Carlo!

HERMANOS GABRIEL DE SAN

Cayo BAÑUELOS PALENCIA
Brother Salvador,
27 years old
Born in Urbel del Castillo (Burgos)

Already in the Juniorate and in the Novitiate he was considered one of the best. He was very pious and an admirer of the Holy Virgin.

Intelligent and of strict judgment, according to his Master of Novices, Brother Cyprius. His saintliness and modesty was reflected in his countenance.

He was a teacher at the Schools in Arenys de Mar, Bañolas, Valls and at the Formation House of San Vicente de Montalt (Can Valls).

He had an admirable sense of family and a complete dedication to teaching. Given his excellent qualities as a religious person he was named collaborator of the Master of Novices, Brother Estanislao. He became a great support to the Master of Novices, as the latter declared on numerous occasions: "He adds to his beautiful qualities of spirit and heart, a great piety, and an admirable sense of family and a complete dedication to his position as teacher and collaborator.

He never raised his voice to his novices and he knew how to command respect from the group of teachers who appreciated and respected him greatly, despite the fact that he was somewhat innocent in nature.

Brother Salvador demonstrated a great serenity and courage when he was surprised in the chapel with his novices by the militia assaulting the convent.

Martyrdom: Common narration

From Brother Salvador grant us, Lord, his great piety and his admirable family spirit.

Cesäreo VILLANUEVA IRIARTE
Brother Tarsicio, 29 years old
Born in Jaurrieta
(Navarra)

Early on he was orphaned. Due to his beautiful voice he enrolled in the choir school of the Real Colegiata de Roncesvalles which he attended during seven years that marked him for the rest of his life.

He was fervent as a novice. In his file we read that his strength of judgment was excellent, he had an energetic and nervous character, and his intelligence was outstanding. He had a strong sense of family, was pious and quiet and attentive and persevering in his work.

He was a teacher at the schools in Valls, San Adrián de Besés and in San Vicente de Montalt (Can Valls).

A brother filled with good will. He completed his musical education in France becoming a good organist. He was melodious and a musical virtuoso.

At the Formation House of Can Valls he was a teacher of the Juniorate, Organist, music teacher of the Novices and the Scholasticate until November of 1936.

Beloved by his students of the Juniorate, who responded strongly when he was detained by the militia on the 7th of November of 1936, some exclaiming out loud and with great feeling when they were taking him prisoner to the buses that waited on the road to transport them to the jail in Barcelona.

Martyrdom: Common narration

From Brother Tarsicio grant us, Lord, his honesty, his patience and dedication to the every day tasks.

A Gentle Lamb's Defining Love

Create in us Oh! Lord
A pure and strong will
To follow you in your passion and death.

God inspired Prophets to foretell
The nature of Messiah's death
Under God's own salvific plan
Right from the time of Adam's fall.

The New Eve's fiat delighted God
The Son of God embarked on Earth
He grew up in wisdom and grace
Per home of Mary and Joseph.

Their home was upbeat in all ways
Despite painful demands and chores
Stood they the test of troubled times
Caused thus for Son, full time of grace.

His hour had come to pass o'er death
He was distressed in the spirit
He spoke of his sorrowful death
His disciples strayed for their fear.

He willed to die to rise to life
What an ignominious death
A gentle lamb's defining love
Love's labours to liberate men.

His will merged with his ardent goal
He thus crushed pain, horror and death
His mother's soul trembled in pain
But her mind held him in her lap.

What lesson do I learn Oh! Lord?
True love surpasses pain and death
Millions conquered the sting of death
They too willed to rise to new life.
